"Defense Expediter"

President Roosevelt has announced the appointment of W. Averell Harriman (above) as "defense expeditor"—a title especially invented for the position. Harriman will be assigned to London to help in coordinating the British aid program.

Congress Told To Disregard Japan's Protest

Policy On Defense Works
For Guam Should Pro-
ceed "Undisturbed"

Washington, Feb. 19.—(AP)—Admiral Harold R. Stark told congress today that policy on defense works for the Pacific island of Guam should not be dictated by any foreign power and that any protest from Japan on the score should be totally disregarded.

Chairman Vinson (D-Ga.) of the house naval committee read the declaration from the chief of naval operations as debate began on a \$242,000,000 naval base development program.

In his letter to Vinson, Stark remarked that a similar project for Guam—except for provision of bomb-proof shelters for personnel and communications centers—was defeated by the house last year "because Japan might take offense."

"It is inconceivable to me that Japan could or would take offense at any such inoffensive measures," Stark wrote, adding that if she did, the protest would be "unwarranted, unmerited and should in my opinion be totally disregarded."

"After all," Stark's letter said, "Guam is United States property and it seems to me our actions should be determined by what is best for the United States and not dictated by any foreign power."

Vinson also read a letter from Secretary Knox stating that while he was in no way minimizing the value of other items in the program he felt the Guam project was of "particular importance to the navy."

Stark said the proposed expenditure of \$470,000 at Guam would

A Good Letter Will Do Just About Anything Writer Wants

The importance of writing business letters from the customer's viewpoint was stressed by Harold P. McQueen, of the special division of the Central National Bank, Chicago, at the luncheon of the retail trade division of the chamber of commerce Tuesday noon in McQueen's cafe.

"No matter what your business may be," he told the merchants, "you can increase it by good letters written from the other fellow's viewpoint. If this is done, you can generally get them to do most anything."

Effective letters are simply good thinking crystallized in words on paper. The test of a good letter is "Can you hear the writer talking to you?" The speaker reminded that letters are sent to human beings and therefore should be written with such cliches as "we wish to acknowledge," "we regret to advise," "we respectfully urge" and "we beg to remain,"

New Battleship To Be Commissioned On May 15th

Washington, Feb. 19.—(AP)—The navy announced today its new 35,000-ton battleship Washington would be placed in commission May 15, and one-half month ahead of schedule.

Undersecretary James V. Forrestal said that orders had been issued to Captain Howard H. J. Benson to take command of the new ship at that time.

After the commissioning there will be a period of trial runs, then the Washington probably will join the fleet in September, 1941. The keel was laid at the Philadelphia navy yard June 14, 1938, and the original date of commissioning as fixed in the contracts was Dec. 1, 1941.

The 35,000-ton battleship carries 16-inch guns and a heavy battery of anti-aircraft and secondary weapons. It has a designed speed of 27 knots and is equipped to carry three airplanes.

The Washington will be the second battleship commissioned by the United States since Dec. 1, 1923, when the West Virginia went into service. The first, the North Carolina, was commissioned April 11 at the New York navy yard.

Sub-Zero Cold Felt In Many Parts Of Nation

Freezing Temperatures
To Continue In Most
Of Northern States

BY THE ASSOCIATED PRESS
Arctic blasts again kept the mercury at sub-zero levels today in sections of the middle west and brought freezing temperatures to most of the northeastern quarter of the nation.

Sub-zero cold was felt in seven mid-western states, with Minnesota and North Dakota reporting the lowest readings. Continued cold and snow flurries were forecast for most of the northern states.

Country's Coldest Spots
Below zero, at Bemidji, Minn., 25 below at Roseau, Minn., and Devils Lake, N. D., -17 at Watertown, S. D., -10 at La Crosse, Wis., -9 at Charles City, Iowa, and zero at Mohile, Ill. Upper Michigan also had sub-zero readings.

Temperatures remained above normal on the Pacific coast in Texas and the Rocky mountain region. Among high temperatures reported yesterday were 74 at Yuma, Ariz., and Miami, 72 at Abilene, Texas, 71 at Shreveport, La., 68 at Los Angeles, 67 at Phoenix, Ariz., and San Diego, California.

Maryland jumped forward to its coldest weather of the winter as forecasters predicted a 10-degree drop today. The temperature fell to 24 above zero at Mount Savage, Md., yesterday and the minimum at Baltimore was 21 above.

Western New York Snow-Bound
Highway crews battled drifts in western New York, which suffered its worst snowstorm of the season yesterday. Many country schools suspended classes because of the 12-inch snowfall.

In Wisconsin, too, some rural schools were closed because of drifted roads. Snow drifts packed hard by high winds made some secondary roads impassable in western, central and southeastern Wisconsin.

The Chicago weather bureau said a high pressure area extended from North Dakota to Florida dominating weather conditions from the Rockies to the Atlantic coast.

2 Kankakee High
Journalists Win
Glenn Stearnman and Bill Jack Kankakee high school journalists received awards in the second national Quill and Scroll contest held in January, it was announced yesterday in the club's magazine.

A sectional prize was awarded to Glenn, business manager of last semester's Kankakee Keynote, for his ability in copyediting. The only other Illinois student to place above Glenn in this contest was a medal winner from Quincy, Ill., executive editor of the Keynote, was honorably mentioned for headline writing. He received a similar award for an editorial last November in another contest sponsored by the society.

Press dispatches from Springfield yesterday were incorrect when they stated that an error by Fred A. Prekel, county tax collector, was responsible for a supreme court ruling that a local tax levy was invalid.

Failure of the highway commissioner to sign a document was the correct reason for the court ruling. The Republican-News received the true information too late to make the correction yesterday.

Malay Peninsula Is Occupied By Australian Army

Britain's Answer To Japanese Threat In The Far East

BY THE ASSOCIATED PRESS
Singapore, Feb. 19.—Thousands of newly-arrived Australian troops landed at the main defense station on the Malay peninsula today as Great Britain stepped up preparations to meet any developments in the troubled far east.

The Australians, who disembarked at the naval base here yesterday, reinforced an already formidable concentration of British, Indian and Malay troops guarding this keystone of Britain's far-flung Asiatic possessions.

Powerful Force

The numerical strength of the Australian contingent was a military secret, but it was beyond doubt the largest and most powerful force of men, guns and munitions ever to arrive in Malaya in a single convoy.

Large quantities of artillery and motorized equipment were unloaded as the singing, grinning Australians disembarked from the great gray liners in which they had sailed 3,000 miles from their homeland under protection of British and Australian warships.

Australian officials said the force was equipped completely for immediate front line service, and would be dependent on Malaya only for fuel and rations.

Britain's China fleet commander, Vice Admiral Sir Geoffrey Layton, hailed the arrival of the Australians as a demonstration "of the power given by British command of the sea, which enables us to station our forces where they are most needed."

"It is a clear indication," Sir Geoffrey declared, "of the growing strength of the empire forces, which now need leave no portion of the empire inadequately defended."

British military circles said the fact that Australia had been able to raise and equip such a large force on short notice was a tribute to the commonwealth's war industry.

The Australians entrained for previously prepared positions on the peninsula shortly after their debarkation.

Their arrival followed by a few days British announcements that minefields around Singapore were being extended, and that advance air bases in northern Malaya had been reinforced strongly by R. A. F. bombers.

These moves were interpreted here as Britain's answer to increasing Japanese southward pressure, which has caused increased tension in the far east.

"Belligerent Action"

Shanghai, Feb. 19.—P.—A Japanese military spokesman asserted today that the landing of Australian troops at Singapore "may interfere with the successful outcome" of the Thailand-Indo-China peace conference and accused Britain of having taken "belligerent action."

Major Kunio Akiyama, official spokesman of Japanese expeditionary forces in China, declared that arrival of the Australian troops "can not be interpreted as a gesture contributing to peace in the far east."

SEEK CHAMP COACH DRIVER
Chicago—(INS)—America's champion trailer coach driver will be chosen at a competition to be held in conjunction with the International Sportmen's show which opens Feb. 22 in Chicago. The driving competition, open only to drivers who have an accident-free record for the last twelve months, will be sponsored by the Trailer Coach Manufacturers' association.

It is estimated that from 1930 to 1980, the proportion of population 60 years old or over will be increased from 8.5 per cent to 19.9 per cent.

How To Lose Ugly Body Fat

Get a More Stream-lined Figure
No Risky Drugs—No Inconvenience
Would you like to lose pounds of ugly fat and gain a more slender figure—gain that increase of energy and attractiveness which generally follows weight reduction and rise mornings bubbling over with vigor?

Well that is the experience of thousands of women who faithfully followed this safe Kruschen plan. And it's all so easy, inexpensive—an almost effortless home method—approved by thousands of doctors.

Simply take a half teaspoonful of Kruschen Salts in a glass of water before breakfast. Cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar and keep this up for 30 days.

So start today, girls, to get a more slender, graceful CHARMING FIGURE. Get a bottle of Kruschen Salts today at any drug store. Lasts four weeks—inexpensive. Either pleasant tasting, NEW effervescent form or the plain non-fizzy form for folks who prefer to take it in hot water—adv.

HONOR BLIND OPERATOR
Wells, Nev. (INS)—Recognition by his fellow townsmen has come to Austin Peltier, believed to be the only blind telephone operator and exchange manager in the nation. Peltier was elected president of the Wells chamber of commerce after managing the telephone exchange and acting as operator for many years. He has been active in civic affairs. He lost his sight 1 1/2 years ago when he was kicked by a horse.

GAME ENDS IN ARREST
Saskatoon, Can. (INS)—Playing cowboy on Main street was 36-year-old Manuel De Ponte's idea of fun, until he attempted to throw the "bull." The bull in question was Police Officer Harold Strike, who arrested De Ponte on a petty theft charge for the 25-foot length of rope with which De Ponte tried to lasso pedestrians, passing by him and finally the officer had been stolen from a local hardware store.
